Background

The purpose of the National Commission on the Future of DNA Evidence is to provide the Attorney General with recommendations on the use of current and future DNA methods, applications and technologies in the operation of the criminal justice system,

The Commission will address issues in five specific areas: (1) The use of DNA in post-conviction relief cases, (2) legal concerns including *Daubert* challenges and the scope of discovery in DNA cases, (3) criteria for training and technical assistance for criminal justice professionals involved in the identification, collection and preservation of DNA evidence at the crime scene, (4) essential laboratory capabilities in the face of emerging technologies, and (5) the impact of future technological developments in the use of DNA in the criminal justice system. Each topic will be the focus of the in-depth analysis by separate working groups comprised of prominent professionals who will report back to the Commission.

Badger Paper Mills, Incorporated Peshtigo, WI; Notice of Affirmative Determination Regarding Application for Reconsideration

By letter of March 27, 1998, the petitioners requested administrative reconsideration of the Department of Labor's Notices of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance (TA-W-34,188) and NAFTA-Transitional Adjustment Assistance (NAFTA-02140) for workers of the subject firm. The TAA and NAFTA-TAA notices were signed on March 2, 1998 and published in the **Federal Register** on March 23, 1998 (63 FR 13878) and (63 FR 13879), respectively.

The petitioners present evidence that the Department's survey of the subject firm's domestic customers was incomplete.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of

Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 8th day of May 1998.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.

Eagle-Picher Plastics Division A/K/A Cambridge Industries Huntington, Indiana; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on July 3, 1996, applicable to workers of Eagle-Picher Plastics Division, located in Huntington, Indiana. The notice was published in the **Federal Register** on August 2, 1996 (61 FR 40454).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm producing reinforced composite engine covers. New information provided by the State agency shows that on July 10, 1997 the subject firm was purchased by Cambridge Industries. Layoffs have continued and the facility is almost closed. Accordingly, some of workers separated from employment at the Huntington plant have had their wages reported under the unemployment insurance (UI) tax account for the Cambridge Industries. Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of the Eagle-Picher Plastics Division in the Huntington, Indiana plant adversely affected by increased imports.

The amended notice applicable to TA-W-32,372 is hereby issued as follows:

All workers of Eagle-Picher Plastics Division, also known as Champion Industries (as of July 10, 1997), Huntington, Indiana, who became totally or partially separated from employment on or after May 15, 1995 through July 3, 1998, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.
